

Sensormatic® SuperTag® II

The "Best of the Best" in anti-shoplifting tags

Product Benefits

- *Exceptional hard tag protection*
- *Virtually eliminates defeats with unique spring gate mechanism*

Your merchandise deserves nothing less.

The Sensormatic SuperTag II is the premier tag in the industry-leading SuperTag family. SuperTag II resists defeat even in chronic defeat areas, thanks to its patent-pending spring gate mechanism and reinforced ribs. And no other tag combines such a slim, lightweight design with high performance. Premium merchandise deserves premier protection – which is exactly what you get with the SuperTag II.

Demand the best. Prevent the worst.™

Security

Why risk using anything but the best?

When you're putting premium merchandise on the floor, don't take chances with how you protect it. The Sensormatic SuperTag II gives you exceptional protection. Its combination of leading technology, advanced design and rugged construction helps frustrate thieves at every turn. And its sleek, slim appearance takes nothing away from merchandise presentation or shopping experience.

Our highest level of defeat resistance

The Sensormatic SuperTag II virtually ends tag defeats, even in chronic defeat areas. Its unique locking mechanism holds tacks tight against the most persistent shoplifter. Probe-type attempts are further thwarted by SuperTag II's extra, reinforced internal ribs and rugged, durable construction.

High detection means high protection

SuperTag's biased, dual-resonator technology represents the state-of-the-art in anti-shoplifting tags.

More protection for more goods

With its small size and light weight, you can use the SuperTag II for a wide array of merchandise. General merchandise, apparel, sporting goods, even delicate items such as

SuperTag power detacher

SuperTag hand detacher

lingerie. The attractive, stylish design complements higher-end merchandise perfectly. And the small size makes it that much harder for shoplifters to handle during defeat attempts.

Builds on your existing Ultra•Max® investment

The Sensormatic SuperTag II is compatible with your current Ultra•Max systems, SuperTag hand and power detachers, all SuperTag VersaTack®, Versatie and UltraTack™ tacks, and SuperTag lanyards. So you can start using the SuperTag II without any additional investment.
